1	LIFTAWAY B120-1  Hinweis! Abbildung kann vom Produkt abweichen. Produktnr.: auf Anfr. Grundfos LIFTAWAY is a collecting tank for grey wastewater designed according to EN 12050-2. The 120-litre tank can be equipped with one Grundfos UNILIFT KP.150/.250/.350, UNILIFT CC5/7/9 pump or one UNILIFT AP12.40 pump. These products combined offer a compact lifting station for underfloor installation in basements to collect grey wastewater below sewer level and lift it up to the main sewer. The lifting station is suitable for pumping grey wastewater with a maximum particle size of 10-12 mm from, for example, washing machines, showers, washbasins or sinks. The lifting station must not pump wastewater containing discharge from toilets. The prefabricated corrosion-proof polyethylene tank has three DN 100 inlets, a DN 70 vent and cable entry, and an R 1 ¼" outlet. The tank cover has a floor drain with a siphon. You can use both sides of the cover. One side has an anti-slip surface; the other is prepared for paving tiles. The cover is placed on an extension neck to adjust the height to the basement floor. The pipe kit delivered with the tank includes a non-return flap valve and lever arm guide, which is to be clipped onto the pump for reliable start and stop. The pump must be ordered separately. The pump must have a float switch for automatic start and stop, version A1. Note: A standard DN 400 PVC pipe can be used as additional tank extension. The tank comes with all internal pipes needed to connect the pump.

Beschreibung	Daten
Allgemeine Informationen:	
Produktbezeichnung:	LIFTAWAY B120-1
Produktnummer:	auf Anfr.
EAN-Nummer:	auf Anfr.
Technische Daten:	
Zulassungen:	MORO, UKCA
Non-return valve type:	Flap valve
Anzahl Pumpen:	1
Werkstoffe:	
Behälter:	PLASTIC
Installation:	
Maximale Umgebungstemperatur:	40 °C
Inlet connection towards system:	DN 100
Outlet connection towards system:	BSPP1 1/4"
Fördermedium:	
Medientemperaturbereich:	5 .. 60 °C
Sonstiges:	
Nettogewicht:	17.9 kg
Bruttogewicht:	18 kg
Passend für folgende Produkte:	KP150/KP250/KP350/AP12/CC5/7/9
Dänische VVS Nr.:	391392120
Finische LVI Nr.:	4965395
Herkunftsland:	DE
Zolltarif Nr.:	84137021
